ANALYSIS OF SURROUNDING AREA: The subject tract is zoned AG and contains a single-family residence. The tract is surrounded by AG zoning containing single-family homes and agricultural land.

STAFF COMMENTS:
The applicant is before the Board to request a Variance of the street frontage from 30' to 0' in an AG district to permit a lot split (Section 207).

The applicant intends to split the subject tract into two tracts as shown on the lot split exhibit provided by the applicant. After the lost split, the resulting Tract 2 will have access to E 171st St S via 40 ft wide portion of the lot. The resulting Tract 1 will not have access to E 171st St S. Lots are required to have a minimum of 30 feet of frontage on a publicly maintained road. The applicant intends to provide an access and utility easement along the 40 ft wide portion of Tract 2 that connects to 171st to provide access for Tract 1.

The applicant provided the statement “We are splitting the original tract into two (2) tracts and therefore are needing to provide an easement to Tract 1 on the 40 ft wide access land to 171st St S, Mounds, OK.”

If inclined to approve, the Board may consider any condition it deems necessary and reasonably related to the request to ensure that the proposed variance is compatible with and non-injurious to the surrounding area.

Sample Motion:

“Move to ______ (approve/deny) a Variance of the street frontage from 30' to 0' in an AG district (Section 207).

CBOA-3113 3.7
To Whom It May Concern,

We disagree with the lot split as well as the additional easement request. We purchased our land with the expectation that all lots would remain the same as sold at the original identified acre lots allocated at the time of the land auction. By allowing this lot split; it allows the potential for other lots to be split into small acreages which in our opinions hurts the value of our property.

So far, with only the two “driveways” currently built...the water run off issue creates pools of water onto the adjoining properties and damages the roads.

Having two “houses” share one driveway (approximately 0.4 mile long) which will have to be maintained by the 10 acre lot but driven on by the 5.6 acre lot will only lead to conflict. As that long of a driveway is costly to maintain. We just don’t understand how this arrangement is going to work with an easement only arrangement.

We request the lot split be denied as to keep the lot size as purchased at the auction in 2012. And therefore request the easement be denied.

Thank you for your consideration to our comments,

Mike & Stephanie Bradley

All,

The applicant for CBOA-3113, Linda Morton, has requested an additional continuance request to the 3/19 CBOA meeting. She had previously requested a continuance from her original date of 11/21/23 to 1/16/24, but due to personal health issues that can't be avoided, would like to request that her case be continued once more until the 3/19/24 CBOA meeting. I wanted to let you know of her request as the current agenda lists her case as being heard at the 1/16 CBOA meeting. This was for her request for a Variance of the street frontage requirement from 30 ft to 0 ft.

Please let me know if you have any questions or need any additional information.

Thank you,

Hi Jay,

In regards to the continuance of COBA-3113, it looks like their haven't been any changes to the case. Our previous comment regarding this case should stand.

3113 - Due to the number of already present long driveways in this area, drainage issues caused by the driveways, and proximity of existing driveways to one another, it is recommended by the Tulsa County Engineering department that a Mutual Access Easement be drawn up that will give legal access from the driveway currently be used by the original tract to the proposed Tract 2. This existing driveway is located on the flag of Ms. Morton’s southern flagged lot. The MAE would need to overlap this flag, and then cross the flagged portion of Ms. Morton’s northern lot.

The current proposal as it exists would be denied.

Thank you,

**STAFF COMMENTS:** The applicant is before the Board to request a Special Exception to permit a home occupation (hair salon) in an RS district (Section 440).

The applicant is proposing to have a hair salon at the current residence. Section 440 allows home occupation uses as a Special Exception in the RS district. Section 440 sets out the restrictions for such a use such as, but not limited to the home occupation shall be engaged in only by the family or person occupying the dwelling as a private residence and no person shall be employed other than an immediate family member residing at the residence. No signs, display or advertising is allowed on the premises, visible from outside the lot. ANALYSIS OF SURROUNDING AREA: The subject tract is zoned RS and contains a single-family residence. The site abuts RS zoning to the South, East and West as well as RS-3 zoning (City of Tulsa) to the North containing single-family residences.

STAFF COMMENTS:
The applicant is before the Board to request a Variance to permit two dwelling units on a single lot of record in an RS district (Section 208).

The RS district is limited to one dwelling unit per lot of record per Section 208 of the Tulsa County Zoning Code. The Tulsa County Zoning Code requires 8,400 sf of land area per dwelling unit. The subject tract contains 3.47 acres in area, so has enough land area to support two dwelling units.

The applicant provided the statement “Main house is from the 1970’s. Accessory Dwelling Unit probably from the 1940’s, being rehabbed. It’s 13'-6” from property line instead of 15’, but predates existing zoning regulations.”

If inclined to approve, the Board may consider any condition it deems necessary and reasonably related to the request to ensure that the proposed variance is compatible with and non-injurious to the surrounding area.

CBOA-2148 March 2005: The Board approved Variance of street frontage required per lot from 30’ to 0’ to enable a lot split (Section 207).

ANALYSIS OF SURROUNDING AREA: The subject tract is zoned AG and contains a single-family residence. The tract abuts AG zoning to the North, South and West containing single-family residences and to the East by CS zoning (Sand Springs) containing a mini-storage facility.

STAFF COMMENTS:
The applicant is before the Board to request a Variance of the required side yard setback in an AG district (Section 330).

Per the Tulsa County Zoning Code, the side yard setback in an AG district is 15 feet. The applicant would like to place an accessory building onto the subject tract that is closer to the side yard property line. They are requesting that the side yard setback be reduced to 6 feet.

The applicant provided the statement “My building will be in the middle of my driveway if I have to move it to 15 feet from the propert line. I need it to be 6 feet from the property line.

If inclined to approve, the Board may consider any condition it deems necessary and reasonably related to the request to ensure that the proposed variance is compatible with and non-injurious to the surrounding area.

The applicant was previously granted a Special Exception to permit a fireworks stand as well as a Variance of the all-weather parking requirement in case CBOA-2736. The approval was for a 5 year time limitation ending in March of 2024. Other conditions of the approval were that the days of operation are to be June 20th to July 6th, with the hours of operation to be 10:00 AM to 10:00 PM from June 20th through July 2nd, July 5th and July 6th and 10:00 AM to 12:00 midnight on July 3rd and July 4th.

The applicant is requesting that the approval be extended until July 10th, 2029.

CBOA-3142 8.2
REVISED 3/5/2024
The applicant also provided the statement "Hard surface parking is not feasible for a seasonal use."

*If inclined to approve the Board may consider the following conditions or others as deemed appropriate to the request:*
  - Placing a time limit for approval of the modification request.

"Move to _______ (approve/deny) a Modification of a previously approved Special Exception (CBOA-2736) to extend the time limitation and the variance from the all-weather parking requirement for a fireworks stand (Use Unit 2) (Section 1340.D) to expire 7-10-29.

Finding the proposed modification is compatible with and non-injurious to the surrounding area and meets the previously granted Board relief or meets the zoning requirements, per code."

RELEVANT PREVIOUS ACTIONS:

Subject Property:

CBOA-1990 August 2002: The Board approved a Variance of the required lot width in an AG district from 150 ft to 100 ft to permit a lot split.

Surrounding Property:

CBOA-1670 September 1999: The Board approved a Variance to allow two dwelling units on one lot of record (Section 208), a Variance of the minimum land area per dwelling unit (Section 330).

ANALYSIS OF SURROUNDING AREA: The subject tract is zone AG and contains a single-family residence. The tract is surrounded by AG zoning containing a mixture of single-family residences and vacant land.

STAFF COMMENTS:
The applicant is before the Board to request a Variance of the minimum land area per dwelling unit requirement in an AG district (Sec. 330)

The Tulsa County zoning code requires 2.1 acres of land area per dwelling in the AG district. The applicant is proposing to move a second dwelling (a mobile home) onto the lot. Two dwellings on one lot of record would require 4.2 acres. The lot contains 2.41 acres, which is under the required land area for a lot containing two dwellings.

The applicant provided the statement that they are seeking the Variance for “Placing a mobile home behind my house.

If inclined to approve, the Board may consider any condition it deems necessary and reasonably related to the request to ensure that the proposed variance is compatible with and non-injurious to the surrounding area.

CBOA-3148 14.2 REVISED 3/5/2024

ANALYSIS OF SURROUNDING AREA: The subject tract is zoned AG and is currently vacant. The tract is surrounded by AG zoning containing single-family residences and vacant land.

STAFF COMMENTS:
The applicant is before the Board to request a Variance of the minimum lot area requirement in an AG district (Sec. 330).

The Tulsa County Zoning Code requires a minimum lot area of 2 acres in the AG district. The applicant is proposing to split off a portion of the subject tract in order to construct an eletrical substation. The proposed tract to be split from the subject tract is proposed to be 0.64 acres in area as shown on the lot split exhibit provided by the applicant.

The applicant provided the statement “Intended use does not need to take up the required amount of land area, per code.” The applicant proposes to only split off the land that is necessary to facilitate the eletrical substation.

If inclined to approve, the Board may consider any condition it deems necessary and reasonably related to the request to ensure that the proposed variance is compatible with and non-injurious to the surrounding area.

ANALYSIS OF SURROUNDING AREA: The subject tracts are zoned AG and currently vacant. The tracts are surrounded by vacant AG zoned land with the Arkansas River located along the southern boundary of the subject tracts.

STAFF COMMENTS:
The applicant is before the Board to request a Special Exception to permit Use Unit 24 - Mining and Mineral Processing in an AG district (Section 310, Table 1).

The applicant intends to utilize the subject tracts for sand extraction and processing. The sand will be extracted from along the Arkansas River along the southern portions of the subject tracts. Access to the tracts will be via a connection to E 151st St S.

A special exception is required as the proposed Use Unit 24 – Mining and Mineral Processing is a use which is not permitted by right but by exception in the AG district because of potential adverse effects, but which if controlled in the particular instance as to its relationship to the neighborhood and to the general welfare, may be permitted. The proposed use must be found to be compatible with the surrounding neighborhood.

If inclined to approve the request the Board may consider any condition it deems necessary in order to ensure that the proposed use is compatible and non-injurious to the surrounding area.

APPLICANT: Jashima Deberry

ACTION REQUESTED: Special Exception to allow fireworks stands (Use Unit 2) in a CS zoned district and IL zoned district; Variance of the all-weather surface material requirement for parking (Section 1340.D).

LOCATION: 1510 N VANDALIA AV E

ZONED: IL,CS

PRESENT USE: Vacant

TRACT SIZE: 0.6 acres

LEGAL DESCRIPTION: E 125 W 495 S 240 SW SE SE LESS S 50 FOR ST. SEC 28-20-13

RELEVANT PREVIOUS ACTIONS:

Subject Property:

CBOA-2704 July 2018: The Board approved a Special Exception to permit a fireworks stand (Use Unit 2) and a Variance from the all-weather parking surface requirement (Section 1340.D) for a period of 5 years.

Surrounding Properties:

CBOA-2741 April 2019: The Board approved a Special Exception to permit a fireworks stand (Use Unit 2) and a Variance from the all-weather parking surface requirement (Section 1340.D) for a period of 5 years.

ANALYSIS OF SURROUNDING AREA: The subject tract is zoned IL/CS and is a vacant lot periodically used for storage/parking for adjacent automotive uses. The tract abuts IL zoning to the North and West containing automotive services and RS-3 zoning (City of Tulsa) containing single-family residences.

STAFF COMMENTS:
The applicant is before the Board to request a Special Exception to allow fireworks stands (Use Unit 2) in a CS zoned district and IL zoned district and a Variance of the all-weather surface material requirement for parking (Section 1340.D).

A special exception is required as the proposed fireworks stand is a use which is not permitted by right but by exception in the IL/CS districts because of potential adverse effects, but which if controlled in the particular instance as to its relationship to the neighborhood and to the general welfare, may be permitted. The proposed use must be found to be compatible with the surrounding neighborhood.
Section 1340.D of the Tulsa County Zoning Code requires that unenclosed off-street parking areas be surfaced with an all-weather material. The applicant is requesting a variance of that requirement so that the existing gravel parking area may be used.

The applicant did not provide a statement.

*If inclined to approve, the Board may consider any condition it deems necessary and reasonably related to the request to ensure that the proposed special exception and variance are compatible with and non-injurious to the surrounding area.*

**Sample Motion:**

"Move to _____ (approve/deny) a Special Exception to allow fireworks stands (Use Unit 2) in a CS zoned district and IL zoned district and a Variance of the all-weather surface material requirement for parking (Section 1340.D).

Per the Conceptual Plan(s) shown on page(s) _____ of the agenda packet.

Subject to the following conditions, if any: _____________________________.

Finding the hardship to be _________.

Finding by reason of extraordinary or exceptional conditions or circumstances which are peculiar to the land, structure or building involved, the literal enforcement of the terms of the Code would result in unnecessary hardship; that such extraordinary or exceptional conditions or circumstances do not apply generally to other property in the same use district; and that the variance to be granted will not cause substantial detriment to the public good or impair the purposes, spirit, and intent of the Code, or the Comprehensive Plan."

ANALYSIS OF SURROUNDING AREA: The subject tract is zoned AG and contains a single-family residence. The tract is surrounded by AG zoning and contains single-family residences and vacant land.

STAFF COMMENTS:
The applicant is before the Board to request a Special Exception to permit a fireworks stand (Use Unit 2) in an AG district (Section 310, Table 1).

The subject tract where the applicant intends to place the fireworks stand also contains his personal residence.

A special exception is required as the proposed Use Unit 2 is a use which is not permitted by right but by exception in the AG district because of potential adverse effects, but which if controlled in the particular instance as to its relationship to the neighborhood and to the general welfare, may be permitted. The proposed use must be found to be compatible with the surrounding neighborhood.

If inclined to approve the request the Board may consider any condition it deems necessary in order to ensure that the proposed fireworks stand is compatible and non-injurious to the surrounding area.

Sample Motion:

"Move to _______ (approve/deny) a Special Exception to permit a fireworks stand (Use Unit 2) in an AG district (Section 310, Table 1).

Subject to the following conditions, if any: ________________________________ .

In granting a Special Exception, the Board must find that the Special Exception will be in harmony with the spirit and intent of the Code and will not be injurious to the neighborhood or otherwise detrimental to the public welfare.

ACTION REQUESTED: Modification to a previously approved site plan (CBOA-2091).

LOCATION: 11400 E 116 ST N

ZONED: AG

PRESENT USE: Church

TRACT SIZE: 4.57 acres

LEGAL DESCRIPTION: LT 1 BLK 1, BURLINGAME CENTER, HOPE CHAPEL Tulsa County, State of Oklahoma

RELEVANT PREVIOUS ACTIONS:

Subject Property:

CBOA-2091 April 2004: The Board approved a Special Exception to permit a church and accessory church uses in an AG district.

CBOA-2464 May 2013: The Board approved a Special Exception to permit a fireworks stand in the AG district.

ANALYSIS OF SURROUNDING AREA: The subject tract is zoned AG and contains a church. The tract abuts AG zoning to the East containing a single-family residence as well as CS/CG zoning (City of Owasso) to the North, South and West containing commercial development and vacant land.

STAFF COMMENTS:
The applicant is requesting a Modification to a previously approved site plan (CBOA-2091).

In 2004 the Board approved a Special Exception to permit a Church in the AG district, per plan submitted. The applicant plans to build a new accessory building for the church to replace a previously existing building that was damaged and has not been removed. The applicant intends to build a 30 ft x 30 ft pole barn to be used as storage for the church that will be painted to match the existing church. They have also indicated on the site plan provided that they intend to also place an additional building on the site at a later date as well as expand their parking area.

If inclined to approve the Board may consider any condition it deems necessary and reasonably related to the request to ensure that the proposed use is compatible with the surrounding area.

Sample Motion for Modification:

“Move to ________ (approve/deny) a Modification to a previously approved site plan (CBOA-2091).
Subject to the following conditions (if any): __________.

Finding the proposed modification is compatible with and non-injurious to the surrounding area and meets the previously granted Board relief or meets the zoning requirements, per code."
